ACR Mini

Drive-through window air curtain

ACR Mini

Drive through window air curtain

The ACR Mini Series recessed cased air curtain is designed for discreet positioning in a suspended ceiling or bulkhead in the kiosks of fast food or commercial premises, It creates comfortable conditions for staff and customers by providing a down-flow of heated or ambient air.

Model Range

The ACR Mini Series is an electric air curtain with a choice of outputs - 3, 4.5 and 6kW

Applications

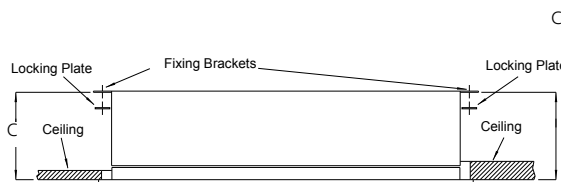

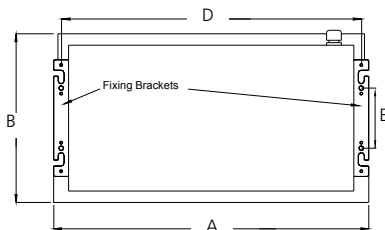

- > Booth Heater
- > Drive through window heater
- > Kiosk Heater
- > Spot Heating

Features & Benefits

- > Suitable for mounting heights of between 2.2 and 2.8 metres dependent upon capacity
- > Available in two sizes - 600mm and 900mm
- > Only 140mm deep - shallowest of its type on the market. This maximises internal space by reducing the required depth of the suspended ceiling into which it is recessed
